MLNX6 - WiFi version

The NX6 is a 5 in 1 digital door lock represents a classic, easy entry option for your home. A sleek door lock with a Bluetooth App, pin code, RFID card, fingerprint and override key to provide quick and convenient access. Send digital keys to friends and welcome guests or timed access if you have maintenance needing to be done at your property. The TTLock App provides an audit trail so you can see who has had access to your lock and when. This NX6 has WiFi inbuilt and can connect to your network giving you the ability to unlock your lock from anywhere in the world without using a gateway.
