WINDSOR Fire Rated
Digital Bluetooth Lock

Suitable for residential and semi-commercial applications including fire doors and emergency exits.

2 HRS FIRE RATED

mcgrathlocks.com.au

Designed to make
access easier.

The WINDSOR by McGrath Locks is a sleek and stylish lock designed for the Australian market. A great addition to the home, office or business, this 4 in 1 digital door lock provides a versatile and convenient method of entry that allows you to easily manage who has access to your property.

Utilising the powerful TTLock APP, lock and user settings are easily configured and managed. Access can be provided to family and visitors alike through pin code, RFID credential, eKeys managed via BLE and mechanical key override. By adding a McGrath Locks WIFI gateway you can remotely unlock the WINDSOR from anywhere in the world using the TTLock APP.

The WINDSOR is supplied without latch or lock, the choice is yours depending on the application. It suits the most common Australian mortice locks and the McGrath tubular latches. The lock has achieved a 2 hour fire rating on the Firecore and E-Core doors when used with the dormakaba MS2602 mortice lock or Lockwood 530 style tubular latch.
