UPS

Power Sonic's PSH series of high-rate sealed lead acid batteries have been designed and engineered specifically for high-rate discharge UPS applications

The high-rate battery series have been constructed to ensure constant, dependable power when used as battery backup or as part of an uninterruptible power supply system. Each 6V and 12V battery in our PSH series has a UL94:V0 flame retardant case and cover.

Power Sonic's cutting-edge manufacturing and process control combined with meticulous quality assurance procedures guarantee consistent and dependable performance.

High-Rate Rechargeable Batteries
Sealed Lead Acid

FEATURES

- High-rate VRLA battery
- Absorbent Glass Mat (AGM) technology for superior performance
- Designed specifically for high-rate discharge UPS applications
- Valve regulated, spill proof construction allows safe operation in any orientation (excluding continuous inverted use)
- Rugged impact resistant ABS case and cover flame retardant to UL90:HB
- High rate of charge and discharge
- Exceptionally high energy density
- UL94:VO available on request
