

## Key Programming Software Update compatible with Jaguar\* and Land Rover\* - ADS2207 - Code D751948AD

November 2021

Advanced Diagnostics is pleased to announce an update of the ADS2207 key programming software for Jaguar\*, Land Rover\* and Range Rover\* to include all models with the Keyless Vehicle Module (KVM) that have a DPLA part number.

### What does the software do?

The software programmes proximity keys for selected popular Jaguar\* and Land Rover\* models. Keys can be added or programmed from a lost key situation and the process has been designed to bypass the PIN code automatically making it a single, seamless operation. The proximity key and remote functions are programmed simultaneously.

**This software is available on Smart Pro only.**

### What else is needed?

Smart Pro

#### OFFER DETAILS

Cable	ADC2000
Software category	A
Smart Aerial required	No
Other software required	No
