Flash Bit Plus

Portable, reliable, easy to use

Flash Bit Plus is a mechanical key-cutting machine for duplicating bit, double-bit, post box and special keys.

Easy to use and compact, Flash Bit Plus is ideal for small shops and mobile use; the perfect solution to cut all types of bit keys quickly and accurately.

Smooth carriage movements

The machine features an innovative release system to allow working with a free-moving or regulated carriage. The special tilting mechanism that combines a dedicated shaft and carriage movement ensures a clean cut on the duplicate key.

Versatile

The three-sided revolving clamps feature a special blocking system for Abus* and Abloy* type keys. Locksmiths can benefit from a selection of optionals to widen the range of keys cut including a vertical milling adaptor.

Carriage release system

Safe

The on-off switch features a safety cut-out to protect the user. The machine needs to be manually restarted after a power interruption.

Space-saving

Thanks to its compact dimensions, Flash Bit Plus is ideal for situations where space is limited. A fixing bracket allows the machine to be secured to the workbench for better stability while cutting.

Cut keys finished perfectly

The deburring brush in 'Tynex' is integrated into the machine and housed behind a protective shield.

Ideal for mobile use

Weighing less than 8kg, and with a convenient carrying handle, Flash Bit Plus is easily transportable.
